All India Liquid Bulk Import Export Association, popularly called AILBIEA, organized twin events - a half day seminar with the topical theme Make in India and the role of Customs and EXIM players on Friday May 29, 2015 at Hotel Trident, Mumbai. On the same evening anniversary celebrations and glittering annual award function was organised, which was attended by scores of corporate honchos and top officials from Customs, Port Trust and State government graced the occasion.

Talking of the theme, if there was one message the speakers drove home it was that the industry needs to come forward and take advantage of the government's proactive approach to create business friendly environment. Speakers urged the members join in one voice in demanding the changes they want the government to make. Speakers were categorical that for a paradigm to shift to happen in the business environment it was 'now or never.' **Mr. Jayyant Lapasaa**, President, AILBIEA urged the government not to force officials to meet set revenue targets at the end of the year creating unnecessary pressures for the businesses.

AILBIEA Stellar awards were conferred on some of its members for their excellence in EXIM TRADE. The recipients included:

- M/s. Godrej Industries Ltd.
- M/s. Hindustan Unilever Ltd.
- M/s. Jubilant Life Sciences Ltd.
- M/s. Aegis Logistics Ltd.

Your paper Bhandarkar Shipping News was one of the recipients of the AILBIEA Stellar Award. The Award was received on behalf of Bhandarkar Shipping News by Mrs. Bharti Bhandarkar.

Besides, Brihan Mumbai Custom House Agents Association, BCHAA was felicitated on the occasion for reaching their land mark of 75 years PLATINUM JUBILEE. The President of BCHAA Mr. Ashish Pednekar along with his team received the memento.

AILBIEA is the country's premier organization for liquid bulk cargoes. Its membership includes topnotch corporate houses including HUL, Godrej, Marico, Supreme Petrochem, Aegis Logistics and many more.

The primary objective of AILBIEA is to function as a catalytic agent to facilitate smooth interaction between business houses (in liquid bulk) and border control agencies such as Customs and Ports; and in the process find expeditious and practical solutions to trade related issues.
